Colorado Therapy Animals is pleased to welcome **Certified Canine Massage Therapist Deb D'Andrea**, owner of 4TheLuvOfDogz, at our meeting on October 15th. Deb will provide information on how canine massage assists in overall canine health, basics on how to work on your own dog, what to do before and after a hike or run, and will give a hands-on demonstration of canine massage. There will be a question and answer session, and if time permits, a fun dog trivia game!

Deb is also an Agility Instructor and will be happy to discuss agility for you and your pup. There'll be 4TheLuvOfDogz homemade treats too, the treats dogs go the extra mile for!

Colorado Therapy Animals meetings are open to the public, and exist as a forum for anyone interested in Animal Assisted Therapy to meet and talk about upcoming events, learn how to become involved, and expand knowledge in the field. Registered therapy dogs and future therapy dogs are welcome to attend. If you would like to try massage on your dog during the meeting, we suggest you bring a mat (yoga mats work great!) or small rug for your dog.

So we have an idea of how many will be attending, please RSVP.
We look forward to seeing you & your pup on October 15th!
